Emotionally Healthy Spirituality

Our upcoming preaching series is based on the book, Emotionally Healthy Spirituality by Peter Scazzero. Finder's Feast will include a discussion group that engages the chapters of this book. All are welcome to drop in on any week of this discussion group, You may find it beneficial to read the chapters in advance. Copies of this book will be available for purchase in the foyer in the coming weeks at a cost of \$15.

This series involves themes relating to mental health. If you are willing to share your journey with mental health issues please approach one of the pastors.

The Discernment Team is looking for people to serve on Council and Council Executive. Anyone interested can contact Victoria Hampton

COMMUNITY INFORMATION

Join us for a free public lecture, "*Fearfully and Wonderfully made? Adam, Eve, and Evolution*" offered by CMU Scientist in Residence, Dr. Dennis Venema (Professor of Biology at Trinity Western University). Christians hold that God is the Creator, and that God brought the world and life into being as an intentional act of design. Modern genomics strongly supports the hypothesis that random mutation and natural selection are a key part of evolution, including for humans. Are these claims at odds with each other? Is it possible to view evolution as a form of design? Wednesday, Feb. 6, 7:00 pm, Marpeck Commons. This is a live-streamed event. See cmu.ca/events/sir.

Spots are still available to see MCC's work in action through a week-long learning tour to Haiti in April. For more information visit mccmb.ca/haiti-health-learning-tour
